

Ecole de Kyodai's EVENTS

in Early Summer 2017 (Compartment)

A Movie Screening "The Cove" & "Behind: The Cove" by Conserv' Session

Showing two sides of the same story. It's a special event, as this is the first time when we show 2 movies. Therefore it will last longer than usual.

Time: 2017. June 3rd,

14.00-16.00: The Cove (with Japanese subtitles)

16.00-16.15: Tea/Coffee break

16.15-18.00: Behind The Cove (with English subtitles)

18.00-19.00: Discussion with guest speakers

19.00-19.20: Social gathering

Place: Kyodai, North Campus - Science Seminar House

Some information about the movies:

The Cove: A 2009 documentary film about the dolphin hunting in Taiji, the dangerous levels of mercury in dolphin meat, the cruelty of capturing dolphins for entertainment purposes and last but not least, the depletion of the world ocean's fisheries due to seafood consumption.

Behind The Cove: Japan's response to the movie, The Cove. The movie tries to present a comprehensive picture of the dolphin and whale hunting in Japan and the political side of it.

Guest speakers: Ric O'Barry's Dolphin Project (via video conference) and Keiko Yagi, the director of Behind: The Cove

Environmental month -Special lecture Plastic Waste Inputs into the Ocean: Can we Come Together to solve this Global Problem?"
